

The Magic Sea

By Maya, Marisa, Mikai and ARI

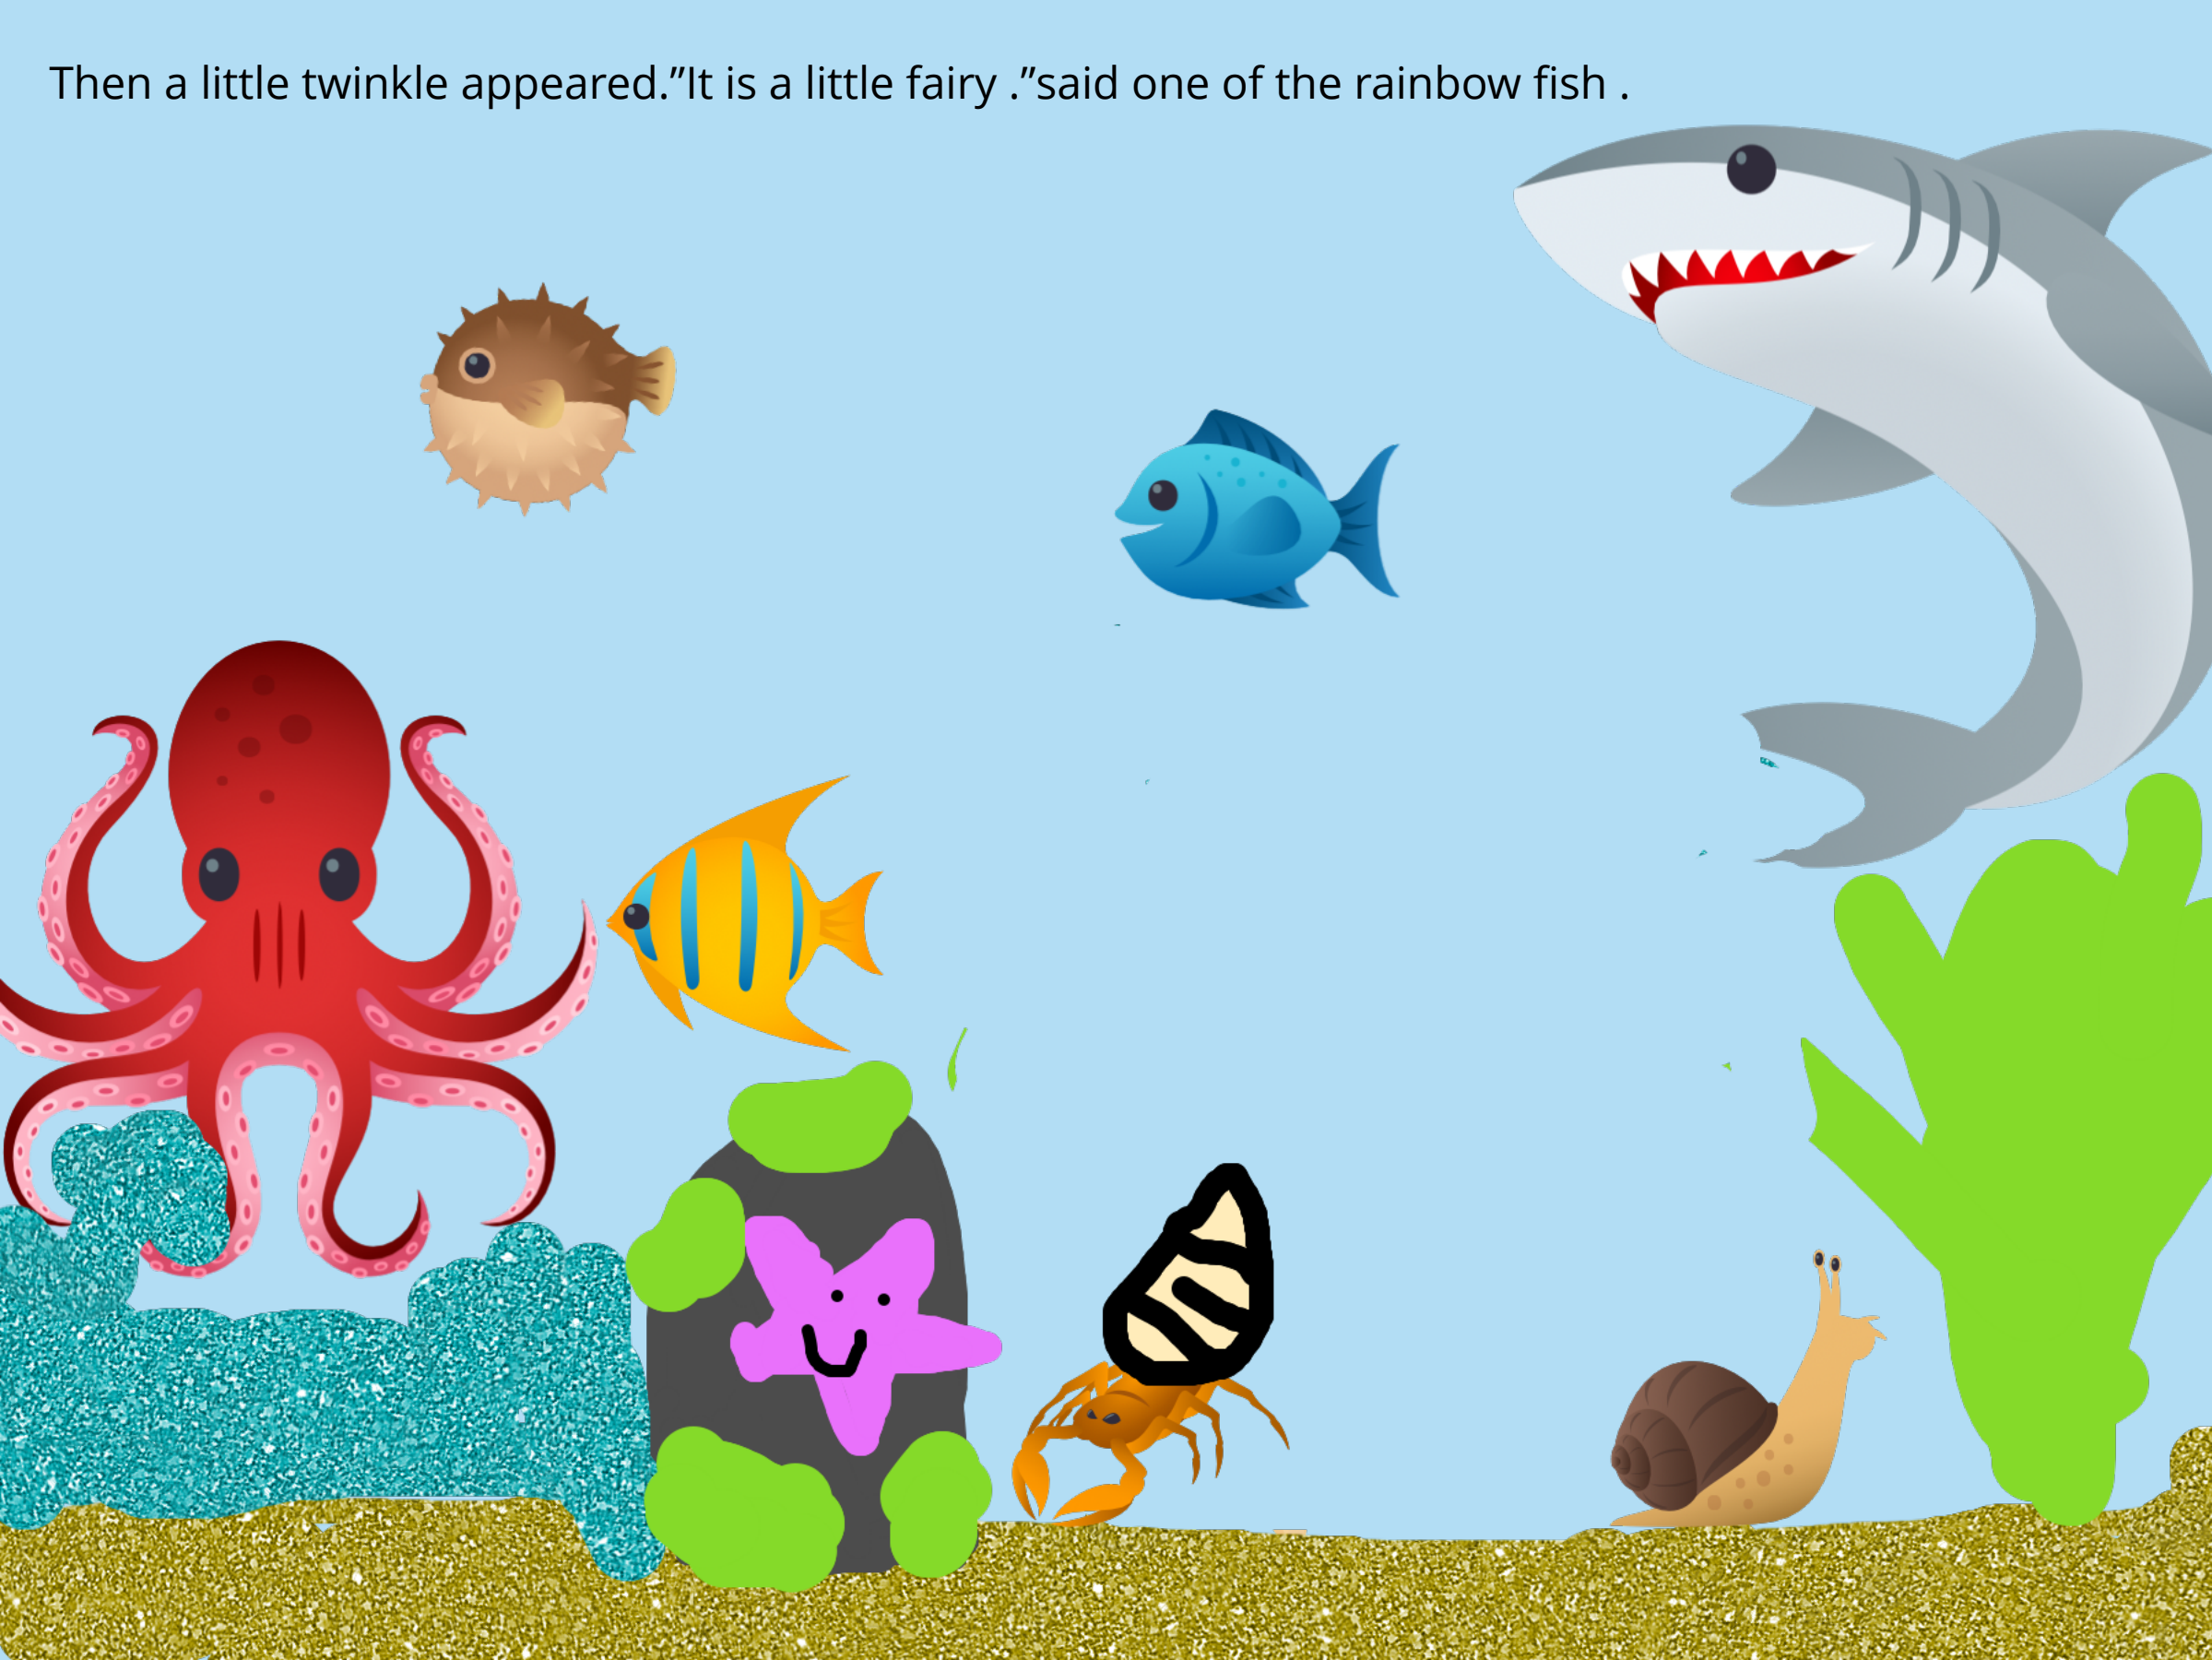

One beautiful, sunny morning a happy rainbow school of fish was swimming and playing in the turquoise, blue sea.

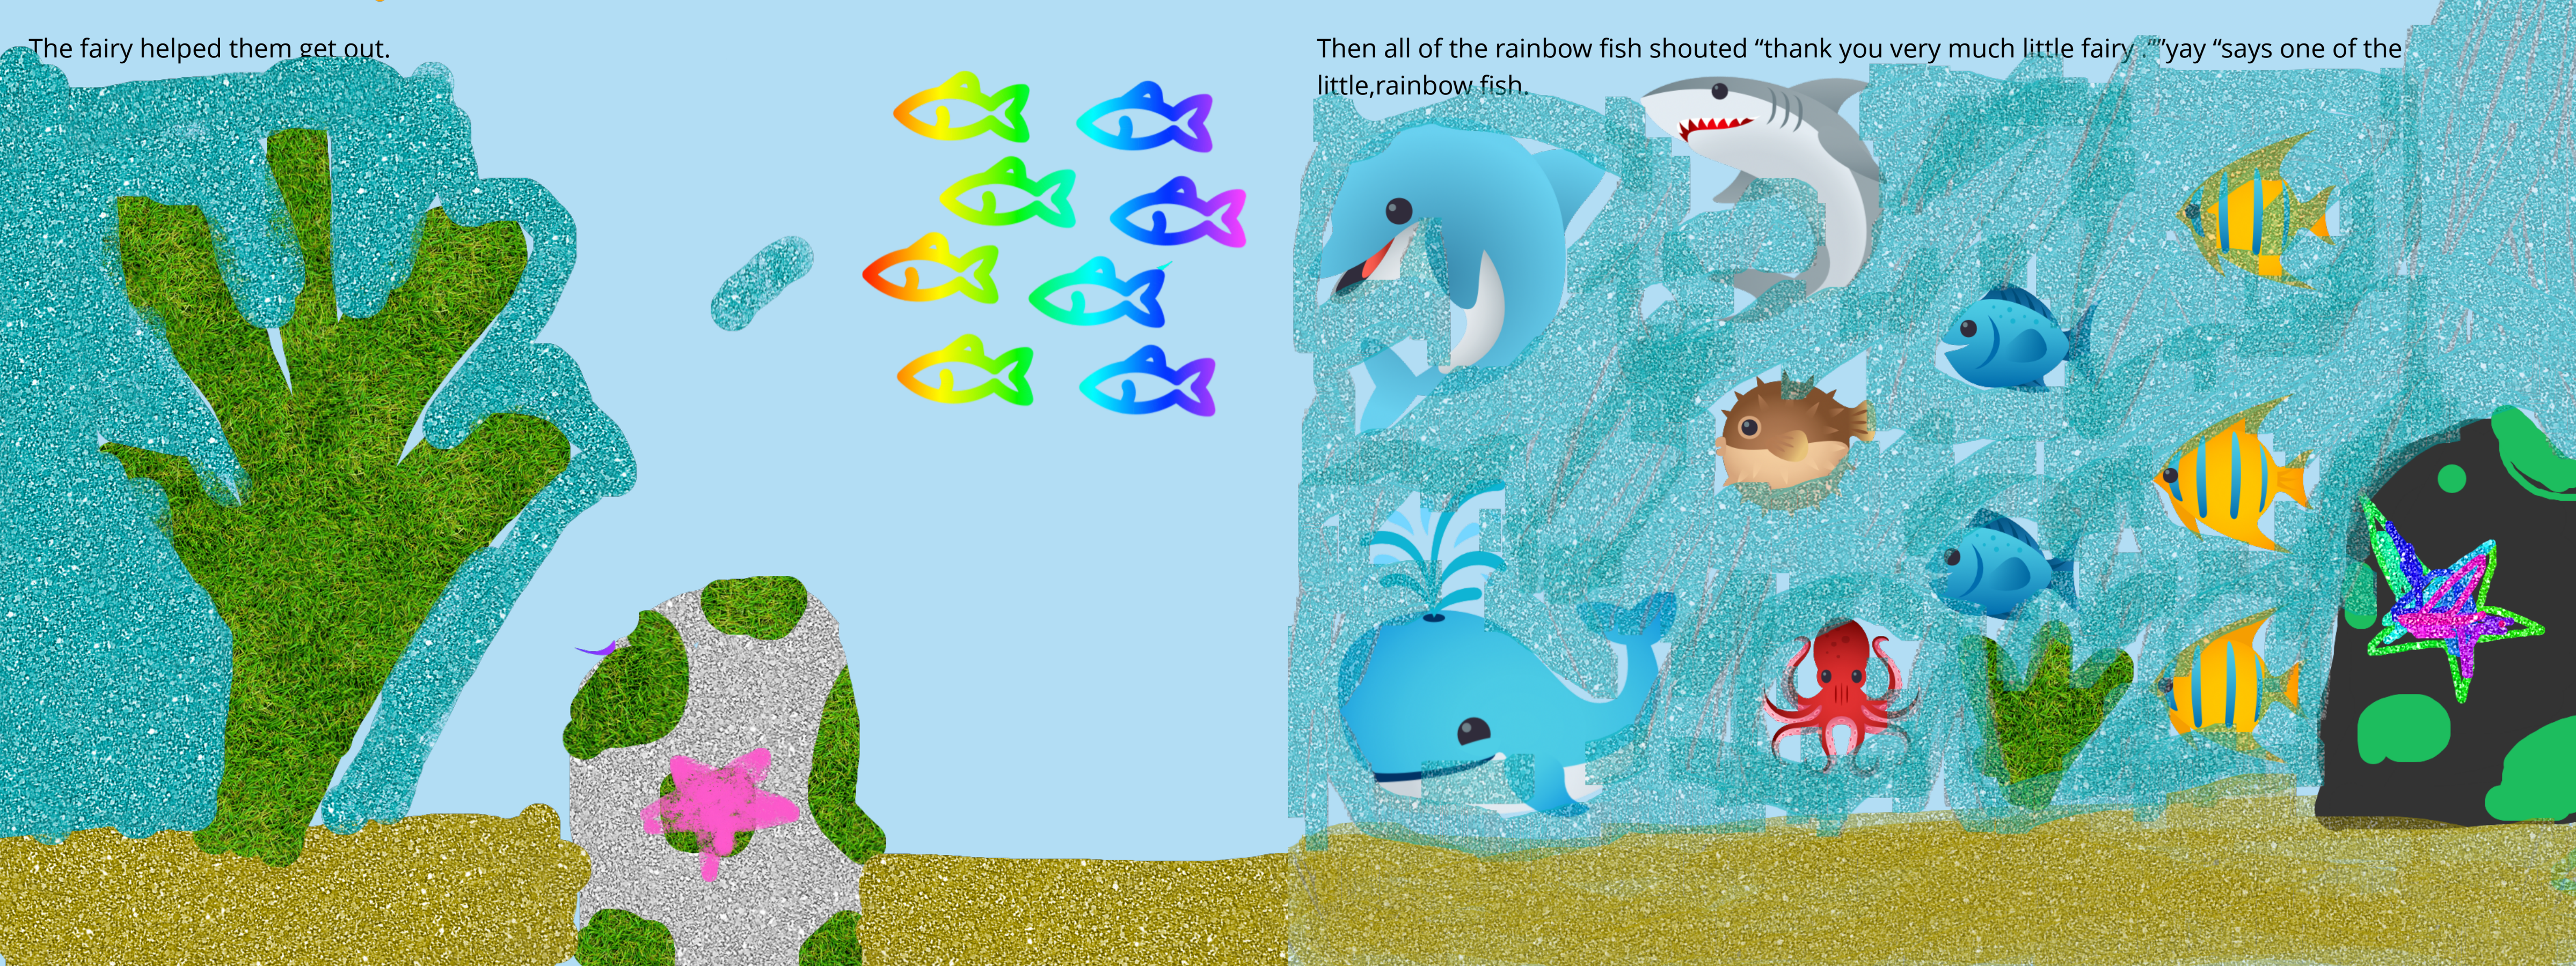

All of a sudden they swam into a rock of seaweed and they got stuck in the dark green seaweed for weeks and weeks. "Oh no we can't get out".

Then a little twinkle appeared."It is a little fairy ."said one of the rainbow fish .

The fairy helped them get out.

Then all of the rainbow fish shouted "thank you very much little fairy .""yay "says one of the little,rainbow fish.

Next they played happily together in the deep ,turquoise, blue sea.
